THE
EUROPEAN
UNION SERIES

Written in an accessible and engaging style, *Ever Closer Union* provides a lively and comprehensive introduction to the EU: what it is, how it came about and has developed, how it works and what it does.

This new edition retains the familiar three-part structure – history, institutions and politics – but has been fully updated throughout to take account of recent developments, including the passage and implementation of the Lisbon Treaty.

Praise for the previous editions:

'A masterful examination of the history, institutions, and policies of the EU' – *Europe*

'An essential foundation text ... belongs on every student's shelf' – *Cambridge Review of International Affairs*

'A tour de force grounded in the politics of the EU's big players' – *Times Education Supplement*

'[I]ts comprehensive coverage, attention to detail, and amusing anecdotal style make it an ideal text for undergraduate and graduate courses alike' – *ECSA Review*

Desmond Dinan is Professor of Public Policy and holds the Jean Monnet Chair in European Public Policy at George Mason University, USA.
